Only Tuesday he paid the fine imposed upon him in the town court a few days age for a previous beating he had given his wife. #### INJUNCTION DISSOLVED. Judge Waller Finds for Defendant Zegeer Case.

Wednesday morning Abraham Ze-geer received notice that Judge Wal-er of the court of common pleas had endered the following decision in the case of the borough of Jewett City va Zegeer, an action to dissolve a temzegeer, an action to dissolve a temporary injunction procured to stop Mr. Zegeer from extending the building he owns on Soule street beyond a building line established by the borough. Judge Waller's finding follows:

I am satisfied that the ordinance establishing the claimed building line.

tablishing the claimed building line is unconstitutional, and therefore void, because it is a taking of property without the process of law and without compensation, and that it cannot be held valid as an exercise of the police powers, and therefore the defendant's notion is granted and the temporary njunction is dissolved without costs o the defendant.

F. H. Gilbert will begin building the foundation this morning. Mr. Zegeer will have both inside stairs removed and outside stairs built on both sides of the building. His store will be ex-tended five feet, bringing it out to the line of the piazza above. There will be four bay windows in front and one window on each side. He will still have three feet left on his property and intends laying a cement walk.
